

WILLIAM G. HORTON, S.E., R.A., LEED AP

Fink Roberts & Petrie, Inc.

President

Responsibilities

Mr. Horton has been in the continual practice of structural engineering with Fink Roberts & Petrie, Inc. since 1989. Prior to joining FRP, Mr. Horton served as Structural Project Engineer with Chris P. Stefanos Associates in Chicago and with Walker Parking Consultants in Indianapolis. His project experience includes low and high rise offices, commercial and residential buildings, and parking structures. Mr. Horton has been involved in the structural design of buildings constructed with cast-in-place concrete, precast concrete and structural steel. Mr. Horton's duties have also included project management of all phases of construction projects from the proposal stage through coordination and contract administration. Additional duties include project development and staff management.
