

DAVID T. LASH, P.E.

Fink Roberts & Petrie, Inc.

Vice President, Civil

Responsibilities

Mr. Lash has been engaged in the practice of civil engineering since 1978. His experience has included transportation, mo torsports, site, and hydraulic design and surveying. His experience includes being project manager in charge of bridge design from 1981 to 1987 and head of FRP's computer department form 1988 to 1992. In 1992, Mr. Lash was named civil department manager.

Presently, Mr. Lash's responsibilities include management of FRP's Civil Engineering Department and overseeing the work of its transportation, site development, and hydraulics and survey groups. He is also involved with project development, quality control, personnel management, scheduling and marketing. In 1997 Mr. Lash was appointed Vice President in charge of operations at Fink Roberts & Petrie, Inc.
